Week Ending 21<sup>st</sup>  
June 2024

## Club News

Disappointingly our Tuesday weekly LOTTO ● Bowls (\$\$\$) was washed out last week.

We had an excellent entry and I was sure we were in for a BIG afternoon. However, it was not to be 'Such Is Life'

*Please don't forget to nominate for next Tuesday June 18th*

Remember Richard clears the list from the club NOTICE Board at 5 pm Monday evenings! To assist please write your full names. Not nicknames etc...

While talking about Richard he was missing from the action last Tuesday. Poor man fell and chipped a front tooth which required urgent Dental work. I am pleased to report he is now back on deck and is raring to go next Tuesday. Or was he embroiled in an accident while watching the Eagles 🦅 being downed by North Melbourne at Optus stadium? We will never know! I add it is wonderful to see him back and raring to go.

Now Richard all we need is for you to pick us a BIG win in the L0TT0.

No pressure mate!!!

Good to see 🙄👉 Steve "Jessie" James is back from Bali and looking remarkably fit and well.

Remember to nominate for any of the games on offer for you to enjoy at the YDBC. Entry list on the notice board.

Men's club Captain Jeff West was supposed to be home renovating his home last weekend. However, he was kind enough to sacrifice the work and turn up to run the Saturday game.

\$troud Dale and Richard Heslop were missing from the action. Why do you ask? Well, they were amongst 4,700 🍷 fans attending the Swans V's South Fremantle WAFL game.

The game was to honour the late great John Todd who coached both teams with success!

He also won a SANDOVER Medal 🏆 while only 17 playing for South Fremantle.

## Get Well Quick

Ray Hutchinson was visiting Midland Hospital early last week.

Which is nothing unusual however when leaving the hospital Ray had a fall and did some damage to himself. The hospital insisted he stay overnight to ensure he didn't suffer serious injuries.

In some respects, it was a blessing in disguise as doctors at the hospital discovered/found he had an aneurysm which could have been more serious if left untreated.

Talk about 2 years of hell for the popular member.

**Chase the Ace** is up to a massive \$2,000:00 to win, remember it is drawn each and every Friday night around 7 pm.

One condition **you must be present** to take the money, or it will be a jackpot the following week

## Can You Help?

The club would love to see anyone who can volunteer to assist with the gardens.

General cleaning or any maintenance job you may wish to carry out.

Each Monday morning at the club a small band of helpers turn up to carry out any job required.

The club will even provide you with morning tea/coffee for your effort!

If you can help please phone club manager John 'Hendo' Henderson on 9444 7000 between 9 & 11am any day.
